SHIFTING OF BRANCH TO NEW PREMISES

Greetings to you from Indian Overseas Bank, Adajan Branch,Surat.

The Adajan branch of Indian Overseas Bank is proposed to be shifted to a new premises at TP No.12 TE Building, Adajan Telephone Exchange (BSNL),Near Shreeji Arcade,Adajan, Surat.

Shortly. As a part of shifting of the branch, the locker safes at branch too would be physically shifted to the new building.

While all possible care would be taken while shifting the locker to the new premises and we do not apprehend any damage to the contents of your locker, it is remotely possible that the lock combination gets disturbed. If you so prefer, you may have your items removed from the locker cabinet before the shifting of the locker and then have them kept back in the locker after the installation at new premises.

Please send your response by email to the iob1557@iob.in with subject as Shifting of Locker.

We regret the inconvenience being caused to you in this regard and solicit your co-operation to make the shifting exercise smooth. Please revert for any further clarification / suggestions in this regard.
