SUCCESS STORY

Joy Digital, Musiri

N.Vinodhkumar

Name of the Training : Photography and Videography

Date of the Training : 07.11.2016 to 01.12.2016

Name of the Training Institute: IOB – RSETI Trichy

For N.Vinodhkumar, whose father is a coolie (daily wage), education proved to be a bitter pill. He did his Diploma in Instrumentation and Control Engineering from The Seshayee Institute of Technology, Tiruchirapalli with the fond hope of getting a government job but could not succeed. After realizing that he could not get a job, he worked in a photo studio as an assistant and learnt some basics of photography. He came to know of the course on photography and videography offered by IOB TSETI-Trichy through newspaper advertisement and attended the course with utmost involvement, even though he had to travel a considerable distance every day. After completing the course successfully, he has opened a studio on his own and is now a successful photographer earning a minimum of Rs.15,000/- per month after meeting out all expenses. His standard of life has improved and his parents are looking forward to a life of relative comfort. BIG THANKS!!! TO IOB RSETI-TRICHY.
